The annual staff would like to dedicate this page to Pat Dyer, recipient of a \$500 scholarship as national dairy foods winner at the National 4-H Club Congress in Chicago, Illinois.

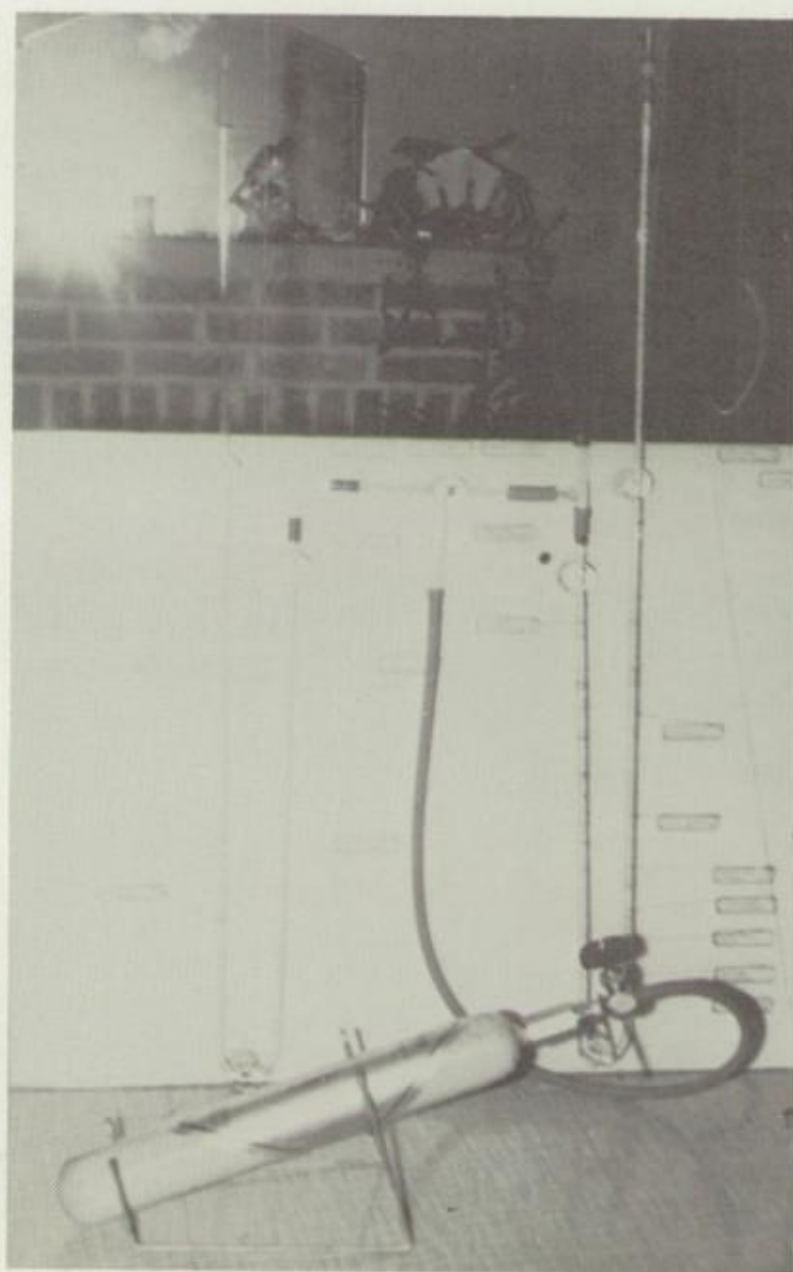

A giant map of the United States, made out of ice cream, was the featured treat at the presentation of awards to the national scholarship winners of the 4-H Dairy Foods Program. Pat, third from the right, is the Alabama National winner.

The Annual Staff would like to dedicate this page to Malloy Chandler for his outstanding achievement in science. Last year Malloy won the Naval Science Crusier Award and the Army Award in the Southeastern Regional Science Fair in Montgomery, Alabama. His project for 1963 was an oxygen-hydrogen fuel cell. His project for this year will be a gas chromatography apparatus.

Malloy's 1963 science project was oxygen-hydrogen fuel cell.

His 1964 science project was a gas chromatography apparatus.

The annual staff would like to dedicate this page to Johnnie Register, recipient of the DAR Good Citizenship Award.

The honor is awarded according to the recipient's abilities in leadership, service, dependability and patriotism. Johnnie was selected by the Senior Class and approved by the faculty.

The pictures on this page show Johnnie doing extra curricular activities around school and displaying the pin she won as Citizenship winner.

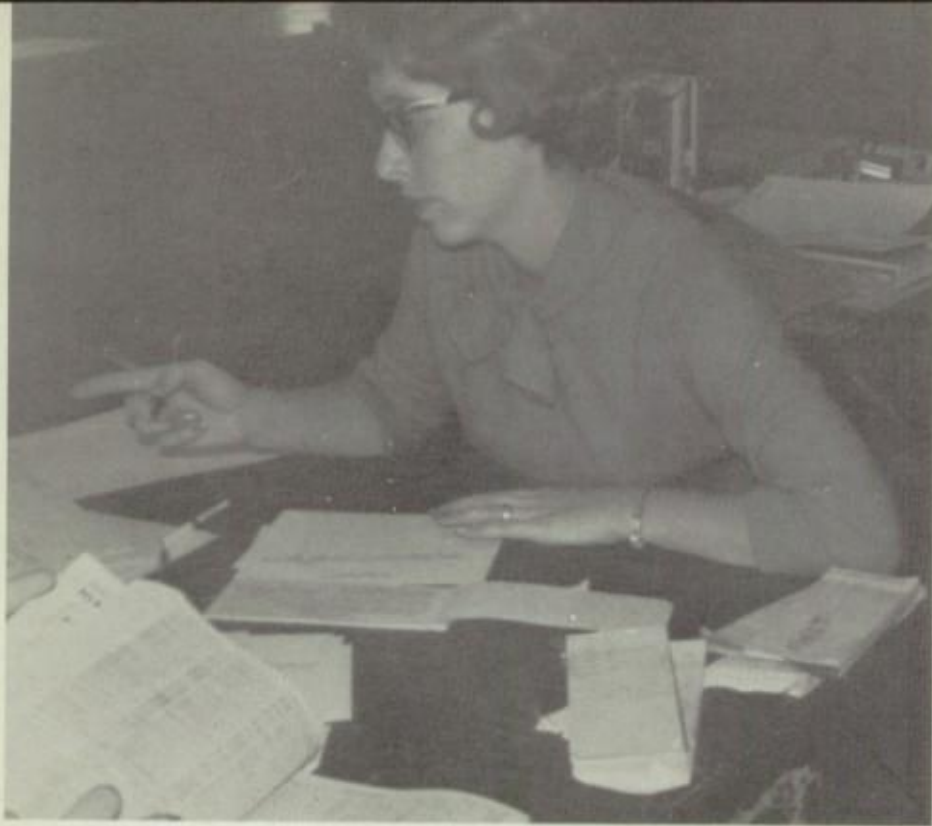

MCAS Homemaker of '64

Gloria Lansdon, school winner of the Betty Crocker Homemaker Award, received a pin, a letter of congratulations and a chance to compete in the state contest. All senior girls were given a test sponsored by the General Mills, Inc. to select the winner. Gloria's score was the highest. Gloria is shown in the pictures on this page performing various tasks of a homemaker.

The annual staff would like to dedicate this page to the Beta Club, whose main project for the year is the editing of this 1964 Melting Pot.

A great deal of hard work was put into this annual, but more than that was the joy of working together for a common, worth-while aim and the joy of a job well done.

The staff would like to show special appreciation to Mrs. Carolyn Hicks, certainly without whose help this 1964 Melting Pot would not have been possible.

We hope in some way this annual has captured many warm memories of your 1964 school year.

Elementary Snapshots

A high-contrast black and white photograph. On the right side, the dark silhouette of a person's head and shoulders is shown in profile, facing left. The person is holding a light-colored, cylindrical cup or mug with both hands. A thin, dark line, representing a cigarette, extends horizontally from the cup towards the center of the frame. The background is a uniform, light gray, creating a stark contrast with the dark silhouette. The overall mood is contemplative and artistic.
